KEEP YOUR FOCUS FOR EXAM WEEK

Let's face it, very few people find revision enjoyable – most people find it quite boring. But that is what the test is really all about. Can you put aside your immediate desire to hang out with your friends, or go shopping, for a period of a few weeks, in order to achieve your future goals? Can you force yourself to memorise the contents of your books and files, even when you don't feel like it?

Suffice to say, if it was easy and fun, everyone would sail through. You are likely to have to give some things up in order to pass your end of term exams. Set yourself a reward, like a gift, or a class party, for when the exams are over. Visualise yourself on results day, will you be happy or disappointed. Remember that if you work hard for a few weeks, life will be much sweeter when you have passed all of your exams and you can do whatever you like.

Work hard everyone! And be proud about your results.
